**W**e are looking for energetic, adventurous, hardworking people to join our team. Seafood processors perform a variety of manual labor tasks. Once the fishing fleet delivers seafood to our docks, our processing employees move the product through our production line until it is shipped in bulk to customers and cold storage facilities worldwide. **The work lasts from approximately mid/late-June to early/mid-August.** The season may be shorter or longer depending on the fishery.

Or contact the Seafood Employment Office at **(800) 473-0688** or (907) 269-4520.

A proud partner of the
