

Trident Seafoods Recruitment

Jobs

**ALASKA DEPARTMENT OF LABOR
& WORKFORCE DEVELOPMENT**

Skilled Trades Trainee in Akutan

Key responsibilities:

- Rotates through different locations, departments and disciplines as directed
- Assists operators and technicians in the maintenance and operation of related engineering equipment
- Learns the fundamentals of operating refrigeration, food manufacturing, electrical and power generation systems while following plant operating and maintenance procedures
- Assists with Mechanical Integrity Inspections
- Learns and comprehends basic principles of each discipline as required including refrigeration, electrical, maintenance and related disciplines
- Assists with planned maintenance as directed.
- Updates and maintains logs and records
- Acquires basic proficiency in requirements of PSM program
- Assists all engineering departments and tasks as needed
- Completes qualifications and coursework as defined by the Trainee program with a passing grade or score
- Engages in meetings and training and prepares or contributes to projects or presentations as requested

The Skilled Trades Trainee will gain experience in marine and/or shoreside engineering in the fundamentals of mechanical, refrigeration and electrical trades through on-the-job training and related technical instruction as part of a four-year Trainee Program. The skills gained in the program will prepare the candidates to be considered for engineering roles throughout Trident.

Minimum qualifications:

- High school diploma or equivalent
